

### PRINCIPALS' MESSAGE

Parkview Parents,

My article this week highlights the efforts of some staff members who are supporting students and teachers every day at Parkview. Parkview has had the privilege this year to work with 3 amazing instructional coaches; Mrs. Aoyagi- Language Arts Coach, Mrs. Hendry- Math Coach, and Mrs. Steele- Science Coach. Each week these ladies spend hours in your children's classrooms and in collaborative meetings working with teachers to improve the teaching and learning process. The coaches work to motivate students and push them to deeper levels of understanding, act as a support and cheerleader to the classroom teachers, and provide expertise in their content areas. With the help of our instructional coaches and teachers, students at Parkview are able to demonstrate learning in a variety of ways. The teachers at Parkview also continue as learners to improve their knowledge and skills in the classroom. Working together as a team, we know there is nothing that our students can't do. Thank you to the coaches, teachers, and support staff at Parkview for working together to help improve each child's education and learning opportunities.

The next month of school is very important for your students. During this time we will teach and review critical information that students will be asked to demonstrate their knowledge of on the end of level tests. Please help us keep your student focused and motivated to do their best. We continue to look for ways to encourage our students to

set goals to improve their score on every test. Each Friday at our weekly assembly, we recognize any grade levels who have taken an interim test and have students stand up if they have improved their score from the last interim. It has been so fun to watch the students smile as their names are read to stand up. It is important for us to tell our students how proud we are of their efforts and success.

Please help us continue to help your children. Make sure they are completing daily homework and reading, getting plenty of sleep, and arriving at school on time each day. We cannot do it without you. Let us know what we can do to make your child's learning experience at Parkview positive.

-Mrs. Bergera & Mr. Yates

### UPCOMING EVENT: COLLEGE NIGHT

We are proud to announce College Night. This fun event is a chance for your students to come get excited for college. We will have fun science experiment, work from your student on display, student dance performances and information for you as the parent. We will also have a drawing for some great prizes.

College Night will be **Tuesday April 4** from **5:30-7:00** in the Parkview Gymnasium. We are excited to see many of you there!

### UPCOMING EVENT: PARENT MEETING

We will be having a Parent Meeting at Parkview on Thursday April 20 at 6pm. Please come and be informed about the exciting things happening at Parkview.

### AFTER SCHOOL COMPUTER LAB

Please encourage your students to come to the after school computer Wednesdays, Thursdays, and Fridays for one hour after school. We especially want to see more of our students in 3rd, 4th, and 5th grade attend. This is an opportunity for your student to participate in online learning at their individual levels.

### UPCOMING EVENTS

#### March

**24-** PTA Meeting at 12:30pm

**30-** 1<sup>st</sup> grade fieldtrip to Loveland Living Planet Aquarium
