

### PRINCIPALS' MESSAGE

Parkview Families,

We would like to thank all of you who came to support our Parkview students at College Night. We would also like to thank our Parkview counselor, Ines Lazalde, for organizing and putting the College Night together. It was fun to see some great science experiment by the University of Utah. We had special dance performances by our 3-5<sup>th</sup> grade students. We would like to thank Cat Kamrath our very own Beverly Taylor Sorenson Arts Learning Dance Specialist. Ms. Cat has done a great job working with Parkview students so they could learn their dances. A number of students received fun prizes from the prize drawing as well. It is a great idea to talk about college with your students and encourage them to work hard in school so they can attend after high school.

We would like to thank Nate Orchard, a former football player at the U of U and current Cleveland Browns player, who came and visited our school on Thursday to talk with our students. He was a Parkview Panther. Nate spoke to our students about being motivated to do well in school, trying their best on the end- of-year tests, and setting goals. We appreciate him reaching out to his fellow Parkview Panthers!

The weather has been up and down the past few weeks, please make sure your students are dressed appropriate for the weather.

Reminder that next week is Spring Recess. There will be no school Monday April 10<sup>th</sup> thru Friday April 14<sup>th</sup>. School will resume Monday April 17<sup>th</sup>. ENJOY YOUR BREAK!!!

-Mrs. Bergera and Mr. Yates

### COLLEGE NIGHT IN REVIEW

Parents, we are so appreciative of your attendance at college night. It was so amazing to see the kids' excitement.

We were very lucky to see some cool science experiments including ghost bubbles and exploding balloons. A huge thank you to the University of Utah chapter for sharing their love of science and showing us some of the awesome things you can learn in college.

We also had some amazing community partners stop by. We had Comunidades Unidas stop by to offer information on immigration, health care, and community advocacy. We also had Utah Education Savings Plan come to offer information on opening savings account for college that have tax benefits. If

you would like more information on either community partner please stop by Ms. Ines' office.

Undoubtedly, the highlight of the night was the work of your students. We had some beautiful dances choreographed by Parkview's amazing dance teacher Kat Kamrath. The walls were also covered in artwork by our students showing off their interests and college and career plans.

Thank you so much to the students, teachers, parents and staff that made college night a success.

### COMPUTER LAB WINNERS

Our Computer Lab prize drawing winners for this month are:

Htee from Ms. Mitchell's class

Paola from Ms. Snow's class

Ashley from Ms. Howard's class

Congratulations, Panthers!

### UPCOMING EVENT: PARENT MEETING

We will be having a Parent Meeting at Parkview on Thursday April 20 at 6pm. Please come and be informed about the exciting things happening at Parkview.

## **AFTER SCHOOL COMPUTER LAB**

Please encourage your students to come to the after school computer Wednesdays, Thursdays, and Fridays for one hour after school. We especially want to see more of our students in 3rd, 4th, and 5th grade attend. This is an opportunity for your student to participate in online learning at their individual levels.
